

FlowCon Combined Pressure/Temperature Plug and Drain

SPECIFICATIONS

Application:	Water
Pressure Rating:	PN25 Max 25bar up to 110°C, max 20bar above
Temperature Rating:	-10°C to +130°C Below 0°C with added anti freeze fluids Above 100°C with added anti-boiling fluids
Material:	
- Body, Tap Tube & Retaining Ring:	DZR Brass EN12164 CW602N
- Cap & Gasket:	Brass & NBR
- Safety Clip:	Polyamide PA-6
- Inner & Drain Cap Gasket & O-Ring:	EPDM
- Drain Cap:	Brass
- Circlet:	Stainless Steel AISI 302
- Tie:	Silicone rubber
End Connections:	Male threaded ¼" ISO on valve side Male threaded ½" ISO on drain side
Weight:	160 g
